Recognition of District 88 Successes

Recognition of Dr. Daniel Krause

Dr. Jason Leahy, Executive Director of the Illinois Principals Association, recognized Willowbrook High School Principal Dr. Daniel Krause for his service as President of the Illinois Principals Association for the 2019-20 school year. Dr. Krause has been a member of the IPA since 2002. During his time with the association, he has served as President-Elect, member of the Board of Directors and member of the Membership Committee. Dr. Krause also has served the DuPage Region as State Director, Awards Chairperson and member of the State Superintendent's Principal Advisory Council. Dr. Krause's accomplishment of being named as President of the IPA is a prime example of how our administrators and staff members at District 88 go above and beyond to be engaged and involved in education and to make a positive difference for our students. Our mission at District 88 is to work for the continuous improvement of student achievement, and it's through the dedicated, passionate and creative leadership of team members like Dr. Krause that we're able to fulfill that mission. Through the years, his vision, experience and guidance have helped build futures for our pupils, and we're thrilled he will share his zeal for education on a broader scale with the IPA.

1 Million Project Foundation

District 88 recognized the 1 Million Project Foundation as a business partner. As District 88 enters into the third year of a partnership with the 1 Million Project Foundation, together we have distributed over 800 Sprint Internet Hotspots to students and families within the District 88 Learning Community. We want to thank the 1 Million Project Foundation for their ongoing support. Andrea Chambers, Regional Program Manager III Lead, represented the 1 Million Project Foundation.

Information/Discussion Items

Educational Focus Item for September 9, 2019

Dr. Jamie Gourley, Assistant Superintendent for Curriculum and Instruction, provided an update on the College and Career Readiness Indicator component of the Every Student Succeeds Act (ESSA). District 88 continues to focus upon providing opportunities for all students to become college and career ready. These preparation activities include the offering of college level experiences during each student's high school years through dual credit and Advanced Placement courses. Additionally, to support student career pathways, the district has expanded both workplace experiences and career credentialing opportunities.
