

Community Relations

8:10 Connection with the Community

The Superintendent is the District's chief spokesperson and shall plan and implement a District public relations program that will:

1. Develop community understanding of school operation.
2. Gather community attitudes and desires for the District.
3. Secure adequate financial support for a sound educational program.
4. Help the community feel a more direct responsibility for the quality of education provided by their schools.
5. Earn the community's good will, respect, and confidence.
6. Promote a genuine spirit of cooperation between the school and the community.
7. Keep the news media provided with accurate information.

The public relations program should include:

1. Regular news releases concerning District programs, policies, and activities that will be sent to the news media.
2. News conferences and interviews, as requested or needed. Individuals may speak for the District only with prior approval from the Superintendent.

8:20 Community Use of School Facilities

While local taxing bodies share facilities and create partnerships with District 88 that benefit the communities, the separation of facilities and programs between District 88 and other agencies is desirable. The use of school property is available as stated in the rental agreement and may become available through approved inter-governmental agreements.

Playgrounds, athletic fields, buildings or parts thereof owned by School District 88 are designed, maintained and operated for regular school service. When not in use for such service, it shall be the policy of the Board to make the physical facilities of the schools available for community service insofar as such service shall not interfere with the school program or be detrimental to the school properties.

Community service, as used in this article, shall mean meetings and entertainment open to the public; meetings of outside groups that are not under the control of school officers. The purpose and conduct of such meetings must not be inconsistent with the purposes of public education nor be detrimental to school properties.

The use of school buildings and other facilities by any organization operated for private gain or any purpose involving private gain shall be permitted if:

1. Such use is sponsored by some local community organization which is not operated for private gain; and/or
2. An educational, civic or charitable purpose will be served.

Privately sponsored instructional programs or schools shall not use District facilities.

A fee shall be charged for the use of school facilities pursuant to published regulations.

The Superintendent may grant the use of appropriate facilities, without rental charge, to organizations closely related to school activities. Organizations presently included in this category are the District 88 parent-teacher organizations, Booster Clubs, etc.

The Superintendent may approve limited modification of the adopted rental charges for high school facilities when requested by cooperating elementary school districts that are a part of the District 88 attendance area. Such modification would be considered primarily for those elementary school programs or activities that stem from the basic curricular work of the school. Elementary schools that propose use of high school facilities for activities which have fund raising as a primary objective would be expected to pay the regular rental charges as stipulated in the rental schedule.

School buildings and other facilities shall be made available for use of community groups on Sundays only when such use is in the interest of District residents.

The Principal of each school has the responsibility for complete supervision of the building and facilities requested and used by any non-school group/organization.

In all cases, the Superintendent, or designee who is a certified employee, shall supervise a child sex offender whenever the offender is in a child's vicinity.

Exclusive Bargaining Representative Agent

Authorized agents of an exclusive bargaining representative, upon notifying the Building Principal's office, may meet with a school employee (or group of employees) in the school building during duty-free times of such employees.

Enforcement

Any staff member may request identification from any person on school property; refusal to provide such information is a criminal act. The Building Principal or designee shall seek the immediate removal of any person who refuses to provide requested identification.

8:70 Accommodating Individuals with Disabilities

Individuals with disabilities shall be provided an opportunity to participate in all school-sponsored services, programs, or activities and will not be subject to illegal discrimination. When appropriate, the District may provide to persons with disabilities aids, benefits, or services that are separate or different from, but as effective as, those provided to others.

The District will provide auxiliary aids and services when necessary to afford individuals with disabilities equal opportunity to participate in or enjoy the benefits of a service, program, or activity.

Each service, program, or activity operated in existing facilities shall be readily accessible to, and useable by, individuals with disabilities. New construction and alterations to facilities existing before January 26, 1992, will be accessible when viewed in their entirety.

The Superintendent or designee is designated the Title II Coordinator and shall:

1. Oversee the District's compliance efforts, recommend necessary modifications to the School Board, and maintain the District's final Title II self-evaluation document, update it to the extent necessary, and keep it available for public inspection for at least 3 years after its completion date.
2. Institute plans to make information regarding Title II's protection available to any interested party.

Individuals with disabilities should notify the Superintendent or Building Principal if they have a disability that will require special assistance or services and, if so, what services are required. This notification should occur as far in advance as possible of the school-sponsored function, program, or meeting.

Individuals with disabilities may allege a violation of this policy or federal law by reporting it to the Superintendent or designated Title II Coordinator, or by filing a grievance under the Uniform Grievance Procedure.

8:80 Gifts to the District

The School Board accepts gifts from any education foundation or other entity or individual, provided the gift can be used in a manner compatible with the Board's educational objectives and policies. While the Board encourages unrestricted gifts, donations to fund specific projects are

acceptable if the project is approved by the Board. All gifts received become the School District's property.

LEGAL REF.: 105 ILCS 5/16-1.

8:90 Parent Organizations and Booster Clubs

Parent organizations and booster clubs are invaluable resources to the District's schools. While parent organizations and booster clubs have no administrative authority and cannot determine District policy, the School Board welcomes their suggestions and assistance.

Parent organizations and booster clubs may be recognized by the Board and permitted to use the District's name, a District school's name, or a District school's team name, or any logo attributable to the District provided they first receive the Superintendent or designee's express written consent. Consent to use one of the above-mentioned names or logos will generally be granted if the organization or club has by-laws containing the following:

1. The organization's or club's name and purpose, such as, to enhance students' educational experiences, to help meet educational needs of students, to provide extra athletic benefits to students, to assist specific sports teams or academic clubs through financial support, or to enrich extracurricular activities.
2. The rules and procedures under which it operates.
3. An agreement to adhere to all Board policies and administrative procedures.
4. A statement that membership is open and unrestricted, meaning that membership is open to all parent(s)/guardian(s) of students enrolled in the school, District staff, and community members.
5. A statement that the District is not, and will not be, responsible for the organization's or club's business or the conduct of its members.
6. An agreement to maintain and protect its own finances.
7. A recognition that money given to a school cannot be earmarked for any particular expense. Booster clubs may make recommendations, but cash or other valuable consideration must be given to the District to use at its discretion. The Board's legal obligation to comply with Title IX by providing equal athletic opportunity for members of both genders will supersede an organization or club's recommendation.

Permission to use one of the above-mentioned names or logos may be rescinded at any time and does not constitute permission to act as the District's representative. At no time does the District accept responsibility for the actions of any parent organization or booster club regardless of whether it was recognized and/or permitted to use any of the above-mentioned names or logos. The Superintendent shall designate an administrative staff member to serve as the recognized liaison to parent organizations or booster clubs. The liaison will serve as a resource person and provide information about school programs, resources, policies, problems, concerns, and emerging issues. Building staff will be encouraged to participate in the organizations.
