## DID YOU KNOW – WE OFFER A PAID CTE Youth Apprenticeship Program for seniors at AT & WB?

The CTE Youth Apprentices meet with CTE Instructor and department head Mrs. Barney to receive credit, training and certification in OSHA-10, along with résumé, interview and soft skills, in preparation for an apprenticeship placement in the Addison area!

Apprentices interview at a local company and, once hired, start work! Most apprentices work from late August through June, earning an average of \$15 per hour, 5 days a week.

Students also can qualify for free college credit and training at College of DuPage after high school through the Project Hire-Ed/GPS/D88/COD partnership.
