HEALTH

Willowbrook High School has again partnered with the Young Hearts for Life® (YH4L) Cardiac Screening Program, a not-for-profit organization, to offer FREE electrocardiograms (ECGs) to identify high school students at risk for heart conditions. This is a voluntary activity, and parental permission is required. Click or scan the registration link above to sign your student up for this program. For more information, go to www.yh4l.org. For questions, contact Denise Arenz at Denise.Arenz@aah.org.
